Please note, we are only providing you with information related to our programs leading to professional licensure in the state of New Jersey as requested, however, we have gathered all the information by program for each state and US territory. The information will be posted on each of our programs' webpages by July 1, 2020.

Additional note: we have additional joint programs with the Rutgers School of Health Professions that lead to professional licensure, but professional licensure is not offered in the state of New Jersey. Those programs are: Bachelor of Science in Diagnostic Medical Sonography, Bachelor of Science in Cardiovascular Sonography, and Bachelor of Science in Clinical Laboratory Sciences – Medical Laboratory Science.

Unless otherwise noted, Rutgers, The State University of New Jersey has not made a determination if these curricula meet the state educational requirements for states other than the State of New Jersey. Students who are interested in acquiring a professional license outside the State of New Jersey should contact officials in their state of interest for the specific requirements of that jurisdiction.
