Foreign Language Testing

Find out if you are required to test in a foreign language by reviewing the “Foreign Language” section on the Placement Testing Information Bulletin, and checking your school’s website on placement testing.

If you have proficiency in more than one language, test in the language you are most likely to study in college.

Do not test in a language if you have no background in it.

Go back to the list of important links on the main testing page to review dates/times for language testing.
