President

Office of Administration and Finance

This web site is your official online source for information related to administrative, operational, and financial aspects of the university.

Bruce C. Fehn, the university's Interim Senior Vice President for Administration and Chief Financial Officer, oversees a broad range of university areas including business services, public safety, parking and transportation facilities and capital planning, human resources, and information technology. He also is responsible for oversight of the financial and treasury operations, risk management and insurance, and internal audit.

Our primary goal is to ensure that the university's administrative and financial structure provides the most effective and efficient support for academic programs, students, and the people of New Jersey. Additionally, the Office of Administration and Finance is responsible for communicating major universitywide initiatives, programs, policy changes, and information important to the smooth operation of the university.
