Policy:

MISSIONS OF THE FACULTIES, COLLEGES, AND SCHOOLS

A current official listing of those departments, programs, and subdivisions which have been approved by the Board of Governors and, as appropriate, by an entity designated under New Jersey law is and shall be maintained by the University's Office of Institutional Research and Academic Planning.

A. Faculties, Colleges, and Schools in Camden.

- (1) The Faculty of Arts and Sciences-Camden shall offer undergraduate instruction to the students of Camden College of Arts and Sciences and University College-Camden and graduate instruction through the Graduate School-Camden and, as appropriate, through the Graduate School-New Brunswick, and shall conduct research in the liberal arts and sciences. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (2) The School of Business-Camden shall offer undergraduate and graduate instruction

All regulations and procedures are subject to amendment.

and shall conduct research in the several business disciplines. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

- (3) The Camden College of Arts and Sciences shall be responsible for undergraduate academic and student life programs for its students in such fields as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (4) University College-Camden shall be responsible for undergraduate academic and student life programs for part-time and adult students in such fields as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (5) The Graduate School-Camden shall be responsible for all instruction at the graduate level offered at the Camden campus, in fields not assigned by these Regulations to other divisions of the University. It shall include such graduate departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (6) The School of Law-Camden shall offer programs of education for the profession of law. Within this objective, the students, faculty, and facilities of the school shall be dedicated to research and scholarship and shall provide a forum for the exchange of ideas concerning the administration of justice and the function of law in changing society. The Library of the School of Law shall report to the Dean of the School. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

B. Faculties, Colleges, and Schools in Newark.

- (1) The Faculty of Arts and Sciences-Newark shall offer undergraduate instruction to the students of the several colleges in Newark and graduate instruction through the Graduate School-Newark and, as appropriate, through the Graduate School-New Brunswick and the graduate-professional schools on the Newark campus and shall conduct research in the liberal arts and sciences and professional studies. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations

All regulations and procedures are subject to amendment.

by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

- (2) The Newark College of Arts and Sciences shall be responsible for undergraduate academic and student life programs for its students in such fields as may be recommended by the legislative body of the Faculty of Arts and Sciences-Newark and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (3) University College-Newark shall be responsible for undergraduate academic and student life programs for part-time and adult students in such fields as may be recommended by the legislative body of the Faculty of Arts and Sciences-Newark and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (4) The College of Nursing shall offer programs of education for the profession of nursing and shall pursue teaching, research, extension and public service activities designed to increase the number and quality of professional nursing practitioners in the health care system and to promote consumer expectations and involvement in improved standards and delivery systems for health maintenance and illness care. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (5) The Graduate School-Newark shall be responsible for all instruction at the graduate level offered at the Newark campus, in fields not assigned by these Regulations to other divisions of the University. It shall include such graduate departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (6) The Faculty of Management-Newark shall offer undergraduate instruction through the School of Management-Newark and graduate instruction through the Graduate School of Management, and shall conduct research and public service in the business disciplines. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (7) The Graduate School of Management shall offer instruction leading to the degree of Master of Business Administration on the Newark and New Brunswick campuses and at other appropriate sites and, through the Graduate School-Newark, at the doctoral level. It shall also conduct research, management development, and public service

All regulations and procedures are subject to amendment.

activities designed to contribute to the understanding of the theory and practice of management. It shall include such academic programs and subdivisions as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

- (8) The School of Management-Newark, an upper-division undergraduate unit, shall offer professional instruction at the undergraduate level and conduct research in the business disciplines. It shall award its degrees jointly with either Newark College of Arts and Sciences or University College-Newark. It shall include such academic programs and subdivisions as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (9) The School of Criminal Justice shall offer instruction at the undergraduate and graduate levels and conduct research and extension activity designed to promote and better general understanding of the criminal justice system, to expand the basic knowledge in the field, and to improve the quality of professional practice in the several parts of the system. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (10) The School of Law-Newark shall offer programs of education for the profession of law. Within this objective, the students, faculty, and facilities of the school shall be dedicated to research, scholarship, and participation in programs designed to reform the law and to improve the administration of justice. The Library of the School of Law shall report to the Dean of the School. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

C. Faculties, Colleges, and Schools in New Brunswick.

- (1) The Faculty of Arts and Sciences-New Brunswick shall offer undergraduate instruction to the students of the several colleges in New Brunswick and graduate instruction through the Graduate School-New Brunswick and shall conduct research in the liberal arts and sciences. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (2) The Edward J. Bloustein School of Planning and Public Policy shall offer

All regulations and procedures are subject to amendment.

undergraduate instruction to the students of the several colleges in New Brunswick and graduate instruction through the Graduate School-New Brunswick and shall conduct research in the disciplines related to the theory and practice of planning. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

- (3) The School of Business-New Brunswick, an upper-division undergraduate unit, shall offer professional instruction at the undergraduate level and conduct research in the business disciplines. In addition its faculty shall offer graduate education through the Graduate School-New Brunswick. It shall include such academic programs and subdivisions as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law. A number of its faculty shall, through the Graduate School of Management, also offer graduate instruction in the appropriate disciplines and degree programs.
- (4) Cook College shall offer undergraduate instruction and conduct research in the agricultural and environmental sciences. In addition, its faculty shall offer graduate instruction through the Graduate School-New Brunswick. Cook College shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (5) Douglass College shall be dedicated to the undergraduate education of women and shall be responsible for undergraduate academic and student life programs for its students in such fields as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (6) The College of Engineering shall offer professional instruction at the undergraduate level, shall conduct research in the engineering disciplines, and shall offer a program of instruction in Agricultural Engineering in cooperation with Cook College. In addition, its faculty shall offer graduate instruction through the Graduate School-New Brunswick. The College of Engineering shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (7) Livingston College shall be dedicated to the undergraduate education of men and women and shall be responsible for undergraduate academic and student life programs

All regulations and procedures are subject to amendment.

for its students in such fields as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

- (8) The Mason Gross School of the Arts shall offer professional instruction at the undergraduate and graduate-professional levels in the creative and performing arts, shall conduct research and experimentation in the arts, and shall be primarily responsible for public programming in the arts in New Brunswick under University auspices. In addition, its faculty shall provide graduate instruction through programs in the Graduate School-New Brunswick. The School shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (9) The College of Pharmacy shall offer technical and professional instruction at the undergraduate level, shall conduct research in the theory and practice of pharmacy, and shall have charge of extension work in the field of pharmacy. In addition, it shall offer graduate instruction through the Graduate School-New Brunswick. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (10) Rutgers College shall be dedicated to the undergraduate education of men and women and shall be responsible for undergraduate academic and student life programs for its students in such fields as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (11) The School of Communication, Information, and Library Studies shall offer undergraduate instruction, primarily at the upper-division level, to the students of the several colleges in New Brunswick, graduate instruction at the master's-degree level, and shall conduct research in the communication, library science, and information disciplines. In addition, its faculty shall offer graduate instruction at the doctoral level through the Graduate School-New Brunswick. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (12) The School of Social Work shall offer professional undergraduate instruction, primarily at the upper-division level, to the students of the several colleges in New Brunswick, graduate instruction at the master's-degree level, and shall conduct research in those fields and disciplines essential to the preparation for professional social work practice.

All regulations and procedures are subject to amendment.

In addition, its faculty shall offer graduate instruction at the doctoral level through the Graduate School-New Brunswick. It shall cooperate with welfare agencies in the provision of training facilities to improve staff competence and may provide technical consultation to social welfare agencies. It shall also cooperate with undergraduate colleges on other campuses of Rutgers University to offer programs in social work. It shall include such departments, subdivisions, and programs as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

- (13) University College-New Brunswick shall be dedicated to the undergraduate education of part-time and adult students and shall be responsible for undergraduate academic and student life programs for its students in such fields as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (14) The Graduate School-New Brunswick shall be responsible for all instruction at the graduate level in all degree programs offered at the New Brunswick campus not assigned by these Regulations to other divisions of the University. It shall include such graduate departments, subdivisions, and programs at the master's and Ph.D. levels in such fields as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.
- (15) The Graduate School of Applied and Professional Psychology shall offer professional instruction and research leading to the degree of Doctor of Psychology in the practice of psychology as the application of scientific psychological principles to the solution of problems of individuals, groups and systems with special commitment to direct community involvement. It shall maintain a close working relationship with related departments and graduate schools in the University, with the University of Medicine and Dentistry of New Jersey, and with senior psychologists working in applied settings throughout the state. It shall include such programs and departments as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law. In conjunction with the Graduate Faculty in Psychology, its faculty shall participate in the training of clinical psychologists whose primary interest is in basic research through the Graduate School-New Brunswick.
- (16) The Graduate School of Education shall offer professional undergraduate instruction in support of teacher education for the students of the several colleges in New Brunswick and professional graduate instruction at the master's, specialist's, and doctoral levels and shall conduct research in the theory and practice of education. It shall include

All regulations and procedures are subject to amendment.

such programs and departments as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

- (17) The School of Management and Labor Relations shall offer undergraduate and professional graduate instruction through the master's level and shall conduct research and public service in management and labor relations. In addition, its faculty shall offer graduate instruction at the doctoral level through the Graduate School-New Brunswick. It shall include such academic programs and subdivisions as may be recommended by the legislative body of this unit and approved in accordance with University Regulations by the Board of Governors and, as appropriate, by an entity designated under New Jersey law.

All regulations and procedures are subject to amendment.
