

Robert S. Scott

Title and Address:

Associate Professor & Undergraduate Program Director
Department of Anthropology
School of Arts and Sciences
Rutgers, The State University of New Jersey
131 George Street, 3rd floor RAB
New Brunswick, NJ 08901

Contact Information:

Tel: 848-932-9395
Fax: 732-932-1564
ResearcherID: [B-5960-2008](#)
Google Scholar: [RXOOT5kAAAAJ](#)
robertsc@rutgers.edu

Education

Highest Earned Degree

Ph.D., 2004, Anthropology, The University of Texas at Austin

Dissertation

The Comparative Paleoecology of Late Miocene Eurasian Hominoids, 2004 (John Kappelman, dissertation advisor)

Other Earned Degrees

M.A., 1996, Anthropology, The University of Texas at Austin

B.A., *with distinction*, 1994, Anthropology and Organismal Biology, Yale University

Honors and Awards

Fellowships

2002-2003. Homer Lindsey Bruce Fellowship, The University of Texas at Austin

2000. Billy Bob Draeger Graduate Research Fellowship, The University of Texas at Austin

1998-1999. Geraldine Hill Styles Scholarship, The University of Texas at Austin

1997-1998. Tuition Fellowship, The University of Texas at Austin

1994-1995. Preemptive University Fellowship, The University of Texas at Austin

Professional Awards and Honors

2011. Award for Distinguished Contributions to Undergraduate Education by an Assistant Professor, School of Arts and Sciences, Rutgers, The State University of New Jersey

2000. Ying-Chien Chang Science Award for USA-China Collaborative Field Research, Society of Vertebrate Paleontology

1995. Hon. Mention, National Science Foundation Graduate Fellowship Competition

Funding

Externally-Funded Research and/or Training Grants

- 2017-ongoing | (Grant Amount: \$187,767) National Science Foundation, "Collaborative Research: Experimental Assessment of Dental Microwear Formation", R.S. Scott, PI
- 2017-ongoing | (Grant Amount: \$3,200) National Science Foundation, "Doctoral Dissertation Research: Adaptations for Insectivory in Digestive Enzymes of Primates", R.S. Scott, PI; M. Janiak, Co-PI
- 2014-ongoing | (Grant Amount: \$46,587) National Science Foundation, "Collaborative Research: Integrative Analysis of Ingestive Biomechanics and Dental Microwear Using Capuchins as a Model Organism", R.S. Scott, PI
- 2012-2016 | (Grant Amount: \$995,508) Supporting Universities to Partner Across the Pacific, Component I - USAID, "Promoting Biodiversity, Sustainable Management, and Conservation of Peat-Swamp Forests through Education and Training Partnerships", E.R. Vogel, PI; R.S. Scott, Co-PI
- 2010-2011 | (Grant Amount: \$35,000) International Collaborative Research Grant - The Wenner-Gren Foundation, "Site Formation and Taphonomy of the Late Pleistocene Hominin Site of Ngandong, Java (Indonesia)", R.L. Ciochon, PI; R.S. Scott, Co-PI; Zaim; Bettis; Huffman; Larick; Rizal; Aswan
- 2009-2011 | (Grant Amount: \$29,984) International Collaborative Research Grant - The Wenner-Gren Foundation, "Environmental Dynamics of Western Eurasian Hominids during the Late Miocene", R.S. Scott, PI; T Kaya, Co-PI; D.S. Kostopoulos, Co-PI; S. Mayda, Co-PI; G. Merceron, Co-PI
- 2008-2009 | (Grant Amount: \$100,000) SBIR (Phase 1) - National Institutes of Health, "A Non-Invasive Method to Distinguish Melanomas from Benign Skin Lesions", DermaTex, LLC (R.S. Scott, Founding Partner and Senior Personnel)
- 2001-2003 | (Grant Amount: \$11,979) National Science Foundation, "Dissertation Research: The Comparative Paleoecology of Late Miocene Eurasian Hominoidea Based on Bovid and Equid Metapodial Functional Morphology", J. Kappelman, PI; R.S. Scott, Co-PI

Internally-Funded Research and/or Training Grants

- 2013-2014 | (Grant Amount: \$1,000) Center for Human Evolutionary Studies - Rutgers, "Mandibular Morphology, Dental Microwear, Feeding Time, and Food Material Properties of *Colobus polykomos*", R.S. Scott, PI
- 2012-2013 | (Grant Amount: \$3,000) SAS Research Council Award - Rutgers, "Raw versus Cooked: Energetic Benefits of Cooking Meat", R.S. Scott, PI
- 2012-2014 | (Grant Amount: \$30,000) TIM Seed Grant Program - Rutgers, "Determinants of Human Digestive Performance: Cooking and Enzymes", R.S. Scott, PI; D.J. Hoffman, Co-PI; E. Vogel, Co-PI; Jinchuan Xing, Co-PI
- 2012-2014 | (Grant Amount: \$6,000) Center for Human Evolutionary Studies - Rutgers, "Behavioral and Enzymatic Adaptations to Food Energy Maximization", R.S. Scott, PI; D.J. Hoffman, Co-PI
- 2011-2012 | (Grant Amount: \$5,200) Center for Human Evolutionary Studies - Rutgers, "Mechanical Properties of Human and Nonhuman Primate Diets", R.S. Scott, PI
- 2010-2011 | (Grant Amount: \$1,755) Center for Human Evolutionary Studies - Rutgers, "Internal Architecture of the Distal Radius in Knuckle-Walking and Digitigrade Primates", R.S. Scott, PI
- 2009-2010 | (Grant Amount: \$14,710) Center for Human Evolutionary Studies - Rutgers, "Quantification of Bone Surface Modification and Dental Mesowear", R.S. Scott, PI

- 2008-2009 | (Grant Amount: \$4,000) SAS Global Opportunity Award - Rutgers, "Crossroads to Africa: Paleontological Survey of Miocene Apes and Associated Faunas in Western Anatolia", R.S. Scott, PI
- 2008-2009 | (Grant Amount: \$11,995) Center for Human Evolutionary Studies - Rutgers, "Landmark Versus Point-Cloud Approaches to 3D Comparative Morphology", R.S. Scott, PI
- 2005-2006 | (Grant Amount: \$27,000) Arkansas Biosciences Institute - University of Arkansas, "A Texture Based Approach to Screening for Squamous Cell Carcinoma of the Oral Cavity", P.S. Ungar, PI; R.S. Scott, Co-PI (80%); J. Rose, Co-PI
- 2000 | (Grant Amount: \$1,800) Summer Research Grant - College of Liberal Arts, The University of Texas at Austin, "Paleontological Study of Miocene Fossils from Höwenegg, Germany", R.S. Scott, PI

Employment History

Positions Held

- 2014-ongoing | Undergraduate Program Director, Department of Anthropology, Rutgers, The State University of New Jersey
- 2014-ongoing | Associate Professor, Department of Anthropology, Rutgers, The State University of New Jersey
- 2007-2014 | Assistant Professor, Department of Anthropology, Rutgers, The State University of New Jersey
- 2007-ongoing | Member, Center for Human Evolutionary Studies, Rutgers, The State University of New Jersey
- 2004-2007 | Postdoctoral Research Fellow, Department of Anthropology, The University of Arkansas
- 2003-2004 | Project Manager, eSkeletons.org, Department of Anthropology, The University of Texas at Austin
- 2003-2003 | Assistant Instructor, Department of Anthropology, The University of Texas at Austin
- 2000-2002 | Teaching Assistant, Department of Anthropology, The University of Texas at Austin
- 1999-2000 | Graduate Research Assistant, Virtual Exam Development Project, Department of Anthropology, The University of Texas at Austin
- 1999-1999 | Senior Research Associate, Virtual Exam Development Project, Department of Anthropology, The University of Texas at Austin
- 1995-1998 | Teaching Assistant, Department of Anthropology, The University of Texas at Austin

Graduate Program Affiliations

- The Graduate Faculty of Ecology and Evolution-New Brunswick, Full Member
- The Graduate Faculty of Anthropology-New Brunswick, Full Member

Publications

Articles in Refereed Journals

2018. Coiner-Collier, S., E.R. Vogel, **R.S. Scott**. Trabecular anisotropy in the primate mandibular condyle

is associated with dietary toughness. *The Anatomical Record* 301:1342–1359. doi:10.1002/ar.23810

2016. Coiner-Collier, S., **R.S. Scott**, J. Chalk-Wilayto, S.M. Cheyne, P. Constantino, N.J. Dominy, A.A. Elgart, H. Glowacka, L.C. Loyola, K. Ossi-Lupo, M. Raguét-Schofield, M.G. Talebi, E.A. Sala, P. Sieradzy, A.B. Taylor, C.J. Vinyard, B.W. Wright, N. Yamashita, , P.W. Lucas, & E.R. Vogel. Primate dietary ecology in the context of food mechanical properties. *Journal of Human Evolution. Journal of Human Evolution* 98: 103-118. doi:10.1016/j.jhevol.2016.07.005

2016. Merceron, G., A. Novello, & **R.S. Scott**. Palaeontology of the Upper Miocene mammal localities of Nikiti (Chalkidiki Peninsula, Macedonia, Greece) - paleoenvironments inferred from phytoliths and Dental Microwear Texture Analyses of meso-herbivores. *Geobios* 49: 135-146. doi:10.1016/j.geobios.2016.01.004

2015. Raichlen, D.A., A.D. Gordon, A.D. Foster, J.T. Webber, S.M. Sukhdeo, **R.S. Scott**, J.H. Gosman, & T.M. Ryan. An ontogenetic framework linking locomotion and trabecular bone architecture with applications for reconstructing hominin life history. *Journal of Human Evolution* 81: 1-12. doi:10.1016/j.jhevol.2015.01.003

2015. Pante, M.C., R.J. Blumenshine, S.D. Capaldo, & **R.S. Scott**. Revalidation of bone surface modification models for inferring fossil hominin and carnivore feeding interactions. *Quaternary International* 355: 64–168. doi: 10.1016/j.quaint.2014.09.007

2014. **Scott, R.S.**, & A.W. Barr. Ecomorphology and phylogenetic risk: implications for habitat reconstruction using fossil bovids. *Journal of Human Evolution* 73: 47-57. doi.org/10.1016/j.jhevol.2014.02.023

2014. Barr, W.A., & **R.S. Scott**. Phylogenetic comparative methods complement discriminant function analysis in ecomorphology. *American Journal of Physical Anthropology* 153 (4): 663-674. doi:10.1002/ajpa.22462

Conference Presentations, Lectures, Demonstrations

Keynote or Plenary Addresses

March 2014. *Surfaces in the biological and paleontological sciences*. 4th International Conference on Surface Metrology. Hamburg, Germany.

Papers, Abstracts, and Lectures

2016. Wright, B.W., K.A. Wright, M. Fogaça, D. Fagaszy, C. Ross, A. van Casteren, **R.S. Scott**, & D.S. Strait. Anterior dental ingestion in *Sapajus*: Linking craniofacial form and food mechanics. *Joint Meeting of the International Primatological Society and the American Society of Primatologists (Chicago, Illinois)*. August 21-27, 2016.

2015. Scott, R.S. Hominin carnivory, tapeworms, and cooking: zoonoses in the Paleoanthropocene. Invited paper for "The Zoonotic Condition, Part I: Pathogeneses of the Anthropocene." *114th Annual Meeting of the American Anthropological Association (Denver Colorado, New Jersey)*. November 18-22, 2015.

2014. Janiak, M.C. & R.S. Scott. Diet and the evolution of digestive enzymes in New World Monkeys. *1st Meeting of the Nor'Eastern Evolutionary Primatology Group (New Brunswick, New Jersey)*. November 7-8, 2014.

2014. Ha, H., K. L. DeRosa, R.S. Scott, & J. Xing. Global survey of PGA indicates high CNV variability in human populations. *1st Meeting of the Nor'Eastern Evolutionary Primatology Group (New Brunswick, New Jersey)*. November 7-8, 2014.

2014. Coiner-Collier, S., **R. S. Scott**, & E.R. Vogel. Food mechanical properties influence feeding time in primates. *1st Meeting of the Nor'Eastern Primate Ecology, Evolution & Behavior Group (New Brunswick, New Jersey)*. November 7-8, 2014.

2013. **Scott, R.S.**, D. DeMiguel, T. Kaya, D.S. Kostopoulos, D.S., S. Mayda, & G. Merceron. Ecology of European hipparionines and the diversity of Late Miocene hominids in Western Eurasia. *14th Congress of the Regional Committee on Mediterranean Neogene Stratigraphy (Istanbul, Turkey)*. September 8-12, 2013.

2013. DeRosa, K., H.-S. Ha, **R.S. Scott**, J. Xing,. Survey of PGA indicates high CNV variability in human populations. *American Association of Physical Anthropologists Committee on Diversity Undergraduate Research Symposium (Knoxville, Tennessee)*. April 10, 2013.

2007. Brown, C.A., T.S. Bergstrom, B.E. Childs, B.M. Powers, A. Yadav, **R.S. Scott**, & Ungar, P.S. Characterizing anisotropy using length-scale fractal analysis. *11th International Conference on Metrology and Properties of Engineering Surfaces (Huddersfield, UK)*. July 17-20, 2007.

*2004. Bernor, R.L., T.M. Kaiser, & **R.S. Scott**. Systematic, biogeographic and paleoecological background to late Miocene Eurasian and African hipparion evolution. *32nd International Geological Congress (Firenze, Italy)*. August 20-28, 2004.

2003. Bernor, R.L., T.M. Kaiser, **R.S. Scott**, & M.O. Woodburne. Some recent advances in old world hipparionine evolution, biogeography and paleoecology. *EEDEN - Environments and Ecosystem Dynamics of the Eurasian Neogene, Birth of the New World Stará Lesná, Univerzita Komenského Bratislava, 12-13*.

*2002. Maga, M. & **R.S. Scott**. Ecomorphological investigation of “*Hipparion*” metapodials from Akkasdagi, Kaman. *1st International Symposium of Istanbul Technical University, Faculty of Mines on Earth Sciences and Engineering*.

2000. Bernor, R.L., T.M. Kaiser, & **R.S. Scott**. Old World hipparion evolution: the datum, early provinciality and divergence in adaptations. *Environments and Ecosystem Dynamics of the Eurasian Neogene (EEDEN). 'State of the Art' Workshop, Lyon, France*.

2000. Kaiser, T.M., R.L. Bernor, M. Fortelius, & **R.S. Scott**. Ecological diversity in the Neogene genus *Hippotherium* (Equidae, Perissodactyla). *European workshop on Vertebrate Palaeontology Abstracts*. 5: 39. (Karlsruhe, June 27-July 1, 2000)

Other Presentations, Lectures, Demonstrations

November 2013. Panel Chair. Food and the Human Experience: A Community Conversation and Film Screening.

April 2013. Organizer and Presenter. Human Evolution and Primate Diversity. 4th Grade Assembly, Bartle Elementary School.

March 2013. Panelist. Responsible and Ethical Research in International Settings. Rutgers Centers for Global Advancement and International Affairs.

November 2012. Presentation for East Java Ministry of Education delegation. Rutgers Centers for Global Advancement and International Affairs.

May 2012. Raw, Rare, or Well Done: How Our Ancestors' Diet Shaped Human Evolution. Rediscover Rutgers. Rutgers Foundation.

January 2011. Hominin Dietary Variability. Saturday Science Lecture Series. New Jersey State Museum.

April 2010. Exploring Our Family Tree. Rutgerscience Saturday. 4-H Youth Development and Rutgers Geology Museum.

November 2008. Crossroads to Africa. Friends of the Rutgers Geology Museum.

Invited Addresses

September 2016. Nutcracker Man or the Swamp Thing? Reconstructing Megadont Hominin Diets. Department of Earth and Planetary Sciences Lecture Series. Vanderbilt University.

October 2011. Quantifying Dental Microwear Surface Textures. 1st Surface Metrology Seminar for the Americas 2011. Center for Surface Metrology in the Americas. Worcester Polytechnic Institute.

February 2009. Hominin Diets and Dental Microwear. Charles Darwin Celebration Lecture. State University of New York, Albany.

October 2008. Discussant. "Excavating Extinction: Narratives and Fossil Records." Extinction Encounters: Vanishing Forms, Human Rights, and the Ethics of Retrieval (A public conference sponsored by Department of Anthropology (New Brunswick) and The Center for the Study of Genocide and Human Rights (Newark), Rutgers)

February 2009. Crossroads to Africa. Charles Darwin Celebration Lecture. State University of New York, Albany.

Teaching Activities

Courses Taught

- Evolution of the Hominidae, Graduate, Rutgers
- Primates, Ecology, and Conservation in Indonesia, Study Abroad, Rutgers
- Evolution of Hominin Diet, Graduate, Rutgers
- Fossil Hominin Anatomy, Upper-Level Undergraduate, Rutgers
- Quantitative Methods in Evolutionary Anthropology, Upper-Level Undergraduate, Rutgers
- Extinction, Undergraduate (SAS Signature Course), Rutgers
- Fossil Apes, Undergraduate (Special Darwin Celebration Course), Rutgers
- Introduction to Human Evolution, Undergraduate, Rutgers
- Research Methods and Design in Evolutionary Anthropology, Graduate, Rutgers
- Human Osteology, Upper-Level Undergraduate, Rutgers
- Laboratory for Human Osteology, Upper-Level Undergraduate, Rutgers
- Paleoecology, Graduate, Rutgers
- Introduction to Physical Anthropology, Undergraduate, University of Texas at Austin

Special Courses Taught

- Undergraduate, SAS Signature Course: Extinction, Rutgers, Fall 2009, Fall 2010, Fall 2011, Fall 2012, Fall 2013, Fall 2014, Fall 2015, Fall 2016
- Undergraduate, Special Darwin Celebration Course: Fossil Apes (students developed Museum Exhibit for Darwin Celebration, supported by Academic Engagement), Rutgers, Summer 2009
- International Undergraduate, Short Course: Primate, Ecology, and Conservation (co-instructor and participant), UNAS-Rutgers-USAID, Summer 2013

Co-curricular Programming

- 2015 | Field trip and scavenger hunt at the American Museum of Natural History. One-hundred thirty student participants. Funded by Rutgers Division of Academic Engagement and Programming.
- 2013 | Field trip and scavenger hunt at the American Museum of Natural History. One-hundred thirty student participants. Funded by Rutgers Division of Academic Engagement and Programming.
- 2009-ongoing | Signature Course Lecture Series Host. Host of guest lecture and dinner with undergraduate students and guest lecturer. Eight events since 2009. Funded by Rutgers Division of Academic Engagement and Programming.

Curricular Development - Courses and Programs Developed

- 2013-ongoing | Development of fully-online course "Evolution"
- 2013-2014 | Co-development of study abroad program in Indonesia which ran Summer 2014.
- 2012-ongoing | Proposer and initial co-director of a "Certificate in Evolutionary Medicine" program, a SAS / SEBS cooperative effort. Approved May 2012.

- 2012 | Development of undergraduate course "Evolution of Human Diet"
- 2009-2011 | Development of undergraduate course "Quantitative Methods in Evolutionary Anthropology"
- 2009-ongoing | Development of graduate course "Evolution of Hominin Diet"
- 2009-ongoing | Development of graduate course "Research Methods and Design in Evolutionary Anthropology"
- 2009-2010 | Proposer and co-developer of SAS Signature Course "Extinction"
- 1998-1999 | Major contributor/author of nationally distributed "Virtual Laboratories for Physical Anthropology on CD ROM (J. Kappelman, editor) Wadsworth Publishing Co."

Development of Audio-visual, Media, and Computer Materials

- 1999-2000 | Co-developer of *Virtual Exams*, a software package for preparing and administering exams with multimedia content, funded by the National Science Foundation (PI: John Kappelman)

Editorial Activities

Editorship of Scholarly or Professional Journals

- 2010-2012 | Associate Editor, *Journal of Human Evolution*, Elsevier

Service

Contributions to the Advancement of the Academic Profession

- 2004-ongoing | Reviewed manuscripts for:

- *Biology Letters*
- *PLoS ONE*
- *Nature Communications*
- *Journal of the Royal Society Interface*
- *Journal of Human Evolution*
- *American Journal of Physical Anthropology*
- *The Anatomical Record*
- *Palaeogeography, Palaeoclimatology, Palaeoecology*
- *Geobios*
- *Frontiers in Zoology*
- *Scanning*
- *Neues Jahrbuch für Geologie und Paläontologie*

- 2000 | Chaired graduate student review panel for University Coop Graduate Research Fellowships, The University of Texas at Austin.

- 2011-ongoing | Reviewed grants for:

- *National Science Foundation*
- *Deutschen Forschungsgemeinschaft*
- *The Leakey Foundation*

- 1999 | Chaired graduate student review panel for Liberal Arts Graduate Research Fellowships, The University of Texas at Austin.

1999 | Proposed, designed, and implemented program awarding graduate student research grants for pilot projects funded by the College of Liberal Arts, The University of Texas at Austin.

University-wide Service

2017-ongoing | Chair, Academic Freedom Committee, Rutgers AAUP-AFT
2015-ongoing | Executive Council Representative, Rutgers AAUP-AFT
2013-2014 | "Transforming the student experience" Strategic Planning Committee
2013-2015 | Committee on Online Teaching, Rutgers AAUP-AFT
2012-2016 | Assessment Analytics Committee

School of Arts and Sciences

2009 | Geology Museum Faculty Advisory Committee (*ad hoc*)
2008 | Fulbright Interview Committee

Department of Anthropology

2017-2017 | Peer Evaluation Committee
2013-ongoing | Undergraduate Program Committee
2011-2012 | Undergraduate Program Committee
2011-2012 | Graduate Admissions Committee
2010 | Departmental Executive Committee
2008-2009 | Co-authored Evolutionary Anthropology part of departmental strategic plan.
2008-2009 | Undergraduate Program Committee
2008 | Arranged the transfer of a significant teaching collection of human osteological remains from the University of Maryland Medical School and Maryland State Anatomy Board for use in undergraduate and graduate courses. The fair market value of this collection is about \$30,000 and it is a significant addition to the department teaching collections.

Search Committees

2012 | Search for paleoanthropologist / archaeologist with expertise in Africa.
2008 | Search for anthropologist with expertise in Latin America.

Graduate Faculty of Anthropology

2009 | Graduate Executive Committee

Graduate Program in Ecology and Evolution

2015-2016 | Graduate Admissions Committee

Center for Human Evolutionary Studies

2012-ongoing | Executive Board, Center for Human Evolutionary Studies
2008 | Zelnick Award Committee, Center for Human Evolutionary Studies

Interdisciplinary Committee in Evolutionary Medicine

2012-ongoing | Founding Member and Initial Co-Director, Interdisciplinary Committee in Evolutionary Medicine. *Ad hoc* committee formed to initiate a SAS / SEBS cooperative program for a "Certificate in Evolutionary Medicine." Program was approved by SAS and SEBS as of May 2012.

Service to Other Universities

2000-2002 | Co-Chair, Graduate Student Assembly, The University of Texas at Austin

Service to Other Public Bodies

2008 | Interviewer, Telluride Association Summer Program, Telluride Association

Students Supervised

Doctoral Dissertations Supervised

LaShanda Williams, Ecology & Evolution Graduate Program. Co-supervisor with Siobain Duffy. Ph.D. anticipated May 2019.

Fred Foster, Department of Anthropology. "Microstructure and Mechanical Properties of Primate Dental Enamel." ABD Spring 2017. Ph.D. anticipated May 2019.

Mareike Janiak, Department of Anthropology. "Adaptations to Insectivory in Digestive Enzymes of New World Primates." ABD Fall 2014. Ph.D. anticipated May 2018."

Darcy Shapiro, Department of Anthropology. "Characterizing Density and Anisotropy in the Trabecular Architecture of the Primate Ilium and Ischium." Ph.D. awarded October 2016.

Susan Coiner-Collier, Department of Anthropology. "Feeding Ecology and the Trabecular Structure of the Mandibular Condyle in Extant Primates." Ph.D. awarded October 2015.

Kari Prassack, Department of Anthropology. "The Paleoenvironmental Utility of Fossil Birds from Bed I and Lowermost Bed II (Late Pliocene), Olduvai Gorge, Tanzania." Ph.D. awarded May 2012.

Masters Degree Students Supervised

Pam Weis, Department of Anthropology. Prospectus on communication of evolutionary theory to different audiences. M.Phil. awarded January 2015.

Service on Doctoral Dissertation Committees at Rutgers

Rene Studer-Halbach, Department of Anthropology. Supervised field statement entitled "Hominid and Hominin Diet from 11 – 1 Million Years Ago." Served on Dissertation Proposal Defense Committee. PhD anticipated May 2018.

Tim Bransford, Department of Anthropology. "The Energetic and Nutritional Costs of Motherhood in Wild Bornean Orangutans (*Pongo pygmaeus wurmbii*)."
Supervised field statement entitled "How big is it and how fast does it happen? A discussion on primate life histories and energetics." Served on Dissertation Proposal Defense Committee. Ph.D. anticipated May 2018.

Michelle Night-Pipe, Department of Anthropology. "Intergroup Bias and Racial Conflict on the Northern Plains." Served on Dissertation Proposal Defense Committee. Ph.D. anticipated January 2018.

Sarah Hlubik, Department of Anthropology. "Finding Prometheus: The Search for Fire in the Early Pleistocene at FxJ20 AB, Koobi Fora, Kenya." Served on Dissertation Proposal Defense Committee. Ph.D. anticipated October 2017.

Shauhin Alavi, Department of Anthropology. An investigation into cognition and nutritional balancing in orangutans. Served on Dissertation Proposal Defense Committee. Ph.D. anticipated October 2017.

Emily Aronoff, Department of Anthropology. "Patrilineal Kinship in a Matrilocal Society of Olive Baboons (*Papio hamadryas anubis*) in Kenya." Supervised field statement entitled "The Effect of Kinship on

Behavior in Nonhuman Primates." Served on Dissertation Proposal Defense Committee. Ph.D. awarded January 2016.

Robert Lynch, Department of Anthropology. "Evolution of Life History Traits in Iceland: 1650-Present." Served on Dissertation Proposal Defense Committee. Ph.D. awarded May 2014.

Lisa Danish, Department of Anthropology. "'Following' An Alternative Mating Strategy of Male Olive Baboons (*Papio hamadryas anubis*)." Served on Dissertation Proposal Defense Committee. Ph.D. awarded May 2013.

Helen Wasielewski, Department of Anthropology. "Social Learning Mechanisms of Cultural Evolution." Ph.D. awarded December 2012.

Jay Reti, Department of Anthropology. "Methods for Determining Differential Behaviors in Stone Tool Production and Application to the Oldowan of Olduvai Gorge, Tanzania and Koobi Fora, Kenya" Supervised field statement on "Cladistic Classification and Darwinian Archaeology." Served on Dissertation Proposal Defense Committee. Ph.D. awarded May 2013.

Michael Pante, Department of Anthropology. "The Larger Mammal Fossil Assemblages from Beds III and IV, Olduvai Gorge, Tanzania: Implications for the Feeding Behavior of *Homo erectus*." Ph.D. awarded May 2010.

Adam Heinrich, Department of Anthropology. "A Zooarchaeological Investigation Into the Meat Industry at the Cape of Good Hope by the Dutch East India Company in the Seventeenth and Eighteenth Centuries." Ph.D. awarded May 2010.

Service as Doctoral Examiner at Rutgers

Elizabeth Ballare, Ecology & Evolution Graduate Program. Doctoral examiner for oral comprehensive exam.

Service on Master's Degree Committees

Rolando de Aguiar, Department of Anthropology. Prospectus on religion and social evolution. Served on Prospectus Defense Committee. M.Phil. awarded 2014.

Melanie Crisfield, Department of Anthropology. Prospectus on the kinematics of bipedality. Served on Prospectus Defense Committee. M.Phil. awarded May 2014.

Sarah Hlubik, Department of Anthropology. "GIS Spatial Analysis of FxJj20 AB, Koobi Fora, Kenya, with Implications on Modern Behavior and Fire Control" M.A. defense completed February 2013. Defense passed. MA anticipated December 2013.

Jane Steele, Department of Anthropology. Completed by field statements, supervised field statement on "Reconstruction of Past Environments Using Ecomorphology of Fossil Assemblages." M.A. awarded December 2010.

Field Statements Supervised

Fred Foster, "Growth and Development of Osteological Tissue" (1/5/17)

Rene Studer-Halbach, "Hominid and Hominin Diet from 11 - 1 Million Years Ago" (3/25/16)

Tim Bransford, "How big is it and how fast does it happen? A discussion on primate life histories" (12/11/15)

Mareike Janiak, "Digestive enzymes of human and non-human primates" (4/28/14)

Susan Coiner-Collier, "HRXCT Analysis of Trabecular Bone" (9/26/12)

Darcy Shapiro, "Three-Dimensional Geometric Morphometrics" (11/30/2011)

Jane Steele, "Reconstruction of Past Environments Using Ecomorphology of Fossil Assemblages" (11/23/10)

Emily Aronoff, "The Effect of Kinship on Behavior in Nonhuman Primates" (3/9/10)

Jay Reti, "Cladistic Classification and Darwinian Archaeology" (12/1/09)

Graduate Students Supervised for Independent Studies

Jane Steele, Independent Study: "Ecomorphology of Bovid Phalanges"

Pam Weis, Independent Study: "Microscale Distinctions between Canid Tooth Scores and Stone Tool Cut Marks"

Undergraduate Honors Theses Supervised

Veronica Mason, Anthropology Honors Thesis: "Relevance of Metabolic Function in Primate Cranial Airway Formation." Henry Rutgers Thesis Award and Highest Honors awarded May 2015.

Caitlin McCarthy, Anthropology Honors Thesis: "Comparison of Skeletal Fracture Patterns from a Low Explosive to a High Explosive." Rutgers Anthropology Honors Symposium Prize 2nd Prize and High Honors awarded May 2015.

Emily Wahler, Anthropology Honors Thesis: "The Bioavailability of Curcumin in Jamu, Traditional Indonesian Health Tonics, Using the TIM-1 System to Replicate Human Digestion." High Honors awarded May 2015.

Sonia Kuismanen, Anthropology Honors Thesis: "Correlation between Ungulate Metapodial Morphology and Habitat." Rutgers Anthropology Honors Symposium Prize and High Honors awarded May 2014.

John Saflarske, Anthropology Honors Thesis: "Bone Surface Modification at the Late Archaic Cole Gravel Pit Site, Livingston County, New York." Honors awarded May 2013.

Kate DeRosa, Anthropology Honors Thesis: "Global Survey of PGA Indicates High CNV Variability in Human Populations." Highest Honors awarded May 2013.

Nicholas P. Triozzi, Anthropology Honors Thesis: "Energetic Costs of Mastication and Model Hominin Food Processing Behaviors." Henry Rutgers Thesis Award and Highest Honors awarded May 2011.

Amanda Giesler, George H. Cook Honors Thesis: "An Ecomorphological Comparison of the Late Miocene Mammalian Communities of Turkey and Greece." Honors awarded May 2010.

Stephanie Green, Anthropology Honors Thesis: "Identifying Characteristics of the Distal Radius that Reflect Knuckle-Walking." High Honors awarded May 2010.

Stephanie Morell, Anthropology Honors Thesis: "Native American and Anthropologist Interactions: NAGPRA and the Changing Face of Native American Rights." Honors awarded May 2009.

Service on Undergraduate Honors Thesis Committees

Daniel Naumenko, Anthropology Honors Thesis: "Linking Dietary Ecology, Immune Function, and Air Pollution to Oxidative Stress in Wild Bornean Orangutans (*Pongo pygmaeus wurmbii*)." Highest Honors awarded May 2017.

Lani Wyman, Anthropology Honors Thesis: "Ancient Middle Stone Age climates at SM-1 in NW Ethiopia As Revealed by Stable Isotope Sclerochronology." Highest Honors awarded May 2017.

Devin Ward, Anthropology Honors Thesis: "Osteological Analysis of Juvenile Skeletal Remains: Tiber River Valley, Lazio Region, Vacone, Italy." Henry Rutgers Thesis Award and Highest Honors awarded May 2014.

Rachel Sender, Anthropology Honors Thesis: "The Paleoecological Reconstruction of Area 123 and Area 6/6A, Koobi Fora, and the Implications for the Habitat Preferences of *Homo* and *Paranthropus boisei*." High Honors awarded May 2013.

Amanda Murillo, Anthropology Honors Thesis: "Methods for Identifying Weaponry Marks on Bone: Distinguishing Sword Classes and Projectiles by Visual 3-D Image Comparison." High Honors awarded May 2013.

Lauren Mairella, Anthropology Honors Thesis: "Neanderthal Cranial Variability." Highest Honors awarded May 2012.

Sarah Pendergraph, Anthropology Honors Thesis: "Effects of Birth Experiences on Bonding." Highest Honors awarded May 2011.

Kevin Rosenfield, Anthropology Honors Thesis: "The Relationship between Male Sexual Orientation and Men's Preferences for Sexually Dimorphic Faces." High Honors awarded May 2011.

Evan Bird, Anthropology Honors Thesis: "Characteristics of Close Contact .22-Caliber Gunshot Entrance and Exit Defects in Long Bones." Highest Honors awarded May 2010.

Andrew Du, Anthropology Honors Thesis: "The Archaeological Visibility of Stone Anvils and their Associated Surface Traces." Highest Honors awarded May 2009.

Other Undergraduate Mentoring

Alex Vindas Cruz, Aresty Research Assistantship: "Repeatability of Trabecular Bone Volume Measures" (2013-2014)

Robyn Schreiber, , Aresty Research Assistantship: "Mechanical Properties of Human Diet" (2013-2014)

Emily Wahler, , Aresty Research Assistantship: "Distinguishing Cut and Tooth Marks on Bone" (2013-2014)

Lauren Blaha, , Aresty Research Assistantship: "Distinguishing Cut and Tooth Marks on Bone" (2013-2014)

Zilin Zhou, Aresty Research Assistantship: "Food Mechanical Properties" (2012-2013)

Ben Keepers, Aresty Research Assistantship: "Distinguishing Cut and Tooth Marks on Bone" (2012-2013)

Jennifer Miguel-Hellman, Internship and Independent Study: Osteology Collections Management, Department of Anthropology (3 credits)

Christine Tirajoh, Internship and Independent Study: Osteology Collections Management, Department of Anthropology (3 credits)

Katie Kolodziej, Internship and Independent Study: Osteology Collections Management, Department of Anthropology (3 credits)

Joshua Haimowitz, Independent Study: "Energetic Implications of Variations in Lower Limb Length." (3 credits)

Hanna Canfield, Aresty Research Assistantship: "Fauna and Paleoecology of Old World Fossil Ape Sites" (2009-2010)

Katie Kolodziej, Aresty Research Assistantship: "Paleoecology and Ecomorphology: Inferences based on 3D Scanning and Comparative Morphology" (2009-2010)

Scott Baptista, Aresty Research Assistantship: "Paleoecology and Ecomorphology: Inferences based on 3D Scanning and Comparative Morphology" (2009-2010)

Caitlin McCabe, Aresty Research Assistantship: "Paleoecology and Ecomorphology: Inferences based on 3D Scanning and Comparative Morphology" (2009-2010)

Ryan Wernlund, Aresty Research Assistantship: "The Upper Arm and Locomotion: Inferences based on 3D Scanning and Comparative Morphology" (2009-2010)

Patricia Schwindinger, Aresty Research Assistantship: "The Upper Arm and Locomotion: Inferences based on 3D Scanning and Comparative Morphology" (2009-2010)

Evan Bird, Internship: Forensic Sciences, New Jersey State Police (3 credits)

Lily Xie, Internship: Soft-tissue Reconstruction, American Museum of Natural History (5 credits)

Academic Advisement

2012-present: SAS Honors Program Mentor

Memberships

Membership/Offices Held in Scholarly and Professional Societies

1996-ongoing | Lifetime Member, American Association of Physical Anthropologists.
